

## DECLARATION

This declaration is made in accordance with EU Regulation 528/2012 concerning the making available on the market and the use of biocides

The manufacturer:

**BASE PROTECTION SRL Unipersonale**

**Via dell'Unione Europea, 61**

**76121 - Barletta (BT)**

## DECLARES THAT

The antibacterial SmellStop lining is treated with biocidal substances that counteract the deposition of microorganisms on the surface of the materials, inhibiting or preventing the development of unpleasant odours.

The substances used are:

- Zinc pyrithione (CAS No. 13463-41-7), product type PT 09.
- A mixture of Sodium Docusate (CAS No. 577-11-7) and ethanol (CAS No. 200-578-6).

The a.m. substances have been included in the review program since 2000 and are part of List 1 of active substances for treated articles under Article 94 of BPR 528/2012. By way of derogation from Article 58 and subject to Article 89, they are permitted to be placed on the European market.

Barletta, 18. April 2024
